Remarks of the Controller

From the file of records, it is seen that a bill for rewards, was received during february 49 when it was objected in preaudit re Audit opinion was that it was not justifiable to pay the Octroi Superintendent, any reward for detection of cases of smuggling since this is treated as a part of his legitimate duties The note of the then Auditor shows that the opinion of the Deputy Comptroller was then taken which was to the effect that the Reward is payable only to the informants and admissible to the members of the ~~xxx~~ Inspecting staff, as detection of such offences is a part of their duties The original papers on this not available here

I agree with the Audit opinion furnished already

Inld B R S

The Municipal Council on this have discussed the question and sought clarification from the Municipal Legal Committee This committee resolved on 8-8-50 that in their opinion the ter " any person " appearing in line 2 of the Appendix III of Rules and Bye-laws of Mysore city Municipality page 9) is taken to include the Octroi Superintendent and other Municipal employees in the absence ofany qualification or proviso and that the question of granting any reward to any person, is entirely a matter left to the discretion of the Municipal President

Put up Bye-laws of the M C I

Inld B R S

* The Municipal Council have now sanctioned the payment of the Rewards vide their resolution No 147 dated 25-7-1951 presumably on the interpretation given by the Legal Committee and also taking into account, the practice obtained in the Police and Excise Departments where such rewards are granted

* This is not ~~admitted~~ being admitted in the Forest Department Vide D F O's letter dated 14/20-6-50 The Octroi Superintendent of - Bangalore is seem to have not claimed any reward as it is inadmissible as per rules

Inld B R S

*** In view of the clarification and the fact that the Legal Committee is constituted by members of the Legal profession it is a point for consideration, if the question may be discussed again and whether the Audit opinion given in 1949 is to hold good and sanction of Government ~~in~~ sought for the payment of these charges

*** As there is difference of opinion on this point between the Administration and the Audit, the - matter may be referred to the Controller for for ~~his~~ decision

**** Before any claim for reward is considered the first principle to be applied is whether the detection was rendered possible by methods which were outside the nature of routine duties and which involve the use of special skill and intelligence This however is purely an administrative matter and when the Rewards are sanctioned by the Municipal Council, it is to be taken that this condition has been satisfied

****
I think it is better to insist on ~~Govern~~ sanction of Government for the payment of these charges

Sir,

Subject - Re the payment of reward to the Octroi Superintendent and other Executive and ministerial Staff for the detection of offences of smuggled Octroi goods

I write to state that rewards in cases of detection of offences of smuggling of octroi goods were being paid to the Octroi Superintendent and other Executive staff in accordance with the para 9 to Appendix III of the Octroi Bye-laws When the reward bills were countersigned and sent to the Auditor as usual, they were not admitted in audit in view of the fact that the above rule is intended only to be applied in case of persons who are not employees of the Department etc , The matter was then referred to the Legal Committee appointed by the Municipal Council for clarification as to whether the term " any person " includes the Octroi Superintendent and other Municipal employees or otherwise The Legal Committee at their meeting held on 8-8-50 examined in detail the rules of practice in respect of the Excise, Police and Forest Departments and opined that the term " Any person " in the absence of any qualification does not exclude the Octroi Superintendent and other Municipal Employees who gave information leading to the detection of offences of smuggled goods and that the matter is left to the discretion of the President The Managing Committee in their meeting held on 19-9-50 resolved that the request may be considered on their merits Accordingly a bill for Rs 470-10-4

for detection of smuggled octroiable goods is a well known practice The letter of the Md Commissioner, Mysore dated 28-7-52 clearly state the case Para 9 to Appendix III of the bye laws permits the payment of rewards to 'any person It would indeed be impossible to say that such a comprehensive term could be taken to exclude Officials of the Municipality The proposals of the Municipality may therefore be approved

2) But we may point out that while giving rewards to members of the permanent service it should be remembered that it is part of their normal duty to detect such cases, and only in case where by extraordinary tact, cleverness, courage or devotion to duty a difficult case is detected, should rewards be given
